Munich, Germany

The economic capital of Germany is home to a kaleidoscope of contrasts - from rococo opera halls to cutting-edge skyscrapers. Alongside old buildings, narrow streets with charming cafés and lively open-air beer gardens, you will find state-of-the-art architecture and a vibrant nightlife. Coined as the center of "laptops and lederhosen", business is also

vital to the city's identity. From programs to help startup companies with logistics to a welcoming environment for multinationals, the city actively promotes the presence of business, commerce and innovation.

Barcelona, Spain

As a major economic power in Spain, Barcelona prides itself on its collection of innovative entrepreneurs and growing business industries. With a very reasonable cost of living and endless opportunities to play sports and socialize, the city has made a name for itself as the cosmopolitan capital of the Mediterranean coast. The home of FC Barcelona, over 1,000 startups and acclaimed artists such as Salvador Dalí and Antoni Gaudí, Barcelona has rapidly become a center for young, creative talent, with hundreds of startups and entrepreneurs embarking on business ventures here.

Visas

Before coming to Switzerland, it is essential to find out whether you need a visa to enter, travel and study here. There are many requirements to fulfill in order to receive a visa and, depending on your country of origin, it may take up to three months to receive your visa. Therefore, it is important to start early and allow enough time for the consulate to process your request. The visa must be issued in your home country and is temporary, only valid for 90 days.

You will not need a visa if you are:

- A citizen of Switzerland or the European Union, in possession of a valid European Union identification card or passport.
- A citizen of a country which is part of the European Economic Area or European Free Trade Association and in possession of a valid passport.

You must apply at the Swiss Embassy or Consulate General in your home country, as the visa is affixed to your passport before you depart.

We highly recommended that you complete all documents necessary for the application process as soon as possible and provide translations of all documents in any language other than French or English.

Required documents in Geneva:

- Final acceptance documents from EU Business School Geneva and photocopies.
- Passport valid for six months before the date of application and photocopies.
- E form.
- O form and/or bank certificate stating that student has an active account with a minimum of CHF 30,000 (the bank certificate must be in the student's name ONLY).
- P form.
- "A qui de droit" (stating that students will leave Switzerland after completing their studies).
- CV/résumé.
- A signed letter of motivation stating both the reason for studying in Switzerland and detailing your post-study plans.

- Address in Switzerland.
- 2 passport size photos (35mm x 45mm).
- Full study plan.
- Copy of diplomas and transcripts.

Important:

In the case that you need the O form, you will also need a copy of the passport or ID of the person who will sponsor you along with proof of their ability to pay.

Required documents in Montreux:

- Final acceptance documents from EU Business School Montreux and photocopies.
- Passport valid for six months before the date of application and photocopies.
- Bank certificate stating that student has an active account with a minimum of CHF 30,000 (the bank certificate must be in the student's name ONLY).
- Completed and signed B permit form with a promise of departure in attachment (make sure to have all documents mentioned on page 3 of the B permit).
- CV/résumé.
- A signed letter of motivation stating both the reason for studying in Switzerland and detailing your post-study plans.
- Address in Switzerland.
- 2 passport size photos (35mm x 45mm).

Please bear in mind that the visa requirements may change, therefore, we recommend that you contact your local Swiss Embassy or Consulate General to ensure that the requirements are up to date.

Please note:

Each visa application is reviewed individually, therefore necessary documents may vary. The embassy reserves the right to ask for additional documents at any time. The submission of the above documents does not guarantee the issue of a visa. Submission of an incomplete set of documents will lead to a refusal of your visa application. Once a visa has been issued, the purpose of the trip may not be altered. There is no such thing as an urgent or express visa.

Registering as a resident (all students):

Every student wishing to pursue studies in Switzerland (both European Union and non-European Union citizens) MUST register as a resident in the city within two weeks of arrival. Please visit the EU student affairs office on campus to pick up the necessary forms and receive detailed instructions on how to complete the residence permit process.

Living in Switzerland

As cities popular to both study and work in, finding accommodation in Geneva and Montreux can be a real challenge. Therefore, we encourage all students to begin their housing search while waiting for their final enrollment documents.

We believe that a comfortable and inspirational living environment is an important part of any educational experience. This section gives you an overview of the accommodation options available to you. Along with the support of EU's Accommodation Office, you will be able to find the perfect place to call home in no time.

Student dorms

Living in student dorms allows you to meet new people and gives you a structured living environment without having to worry about household chores and the stress of dealing with rental agencies. Living close to other students helps you adapt to the city and your new lifestyle. This type of accommodation is welcoming and ensures you always have someone to talk to.

EU Geneva has secured a limited number of student accommodations with our partners, all just a 15-minute walk from campus. EU Montreux works closely with various residential partners to help find accommodation that suits you best.

If you are planning to arrive at the beginning of the fall term (October), we recommend that you send your accommodation application to a wide range of residences by May. Thousands of students arrive in Geneva and Montreux during fall to commence their studies. Apply for a place in our partner residences immediately after enrollment by contacting our accommodation officer. Placements are limited.

Private apartments

Having your own apartment is something that will appeal to you if you enjoy the quiet, like to be alone and don't want to compromise on personal space. You can

choose to get an apartment anywhere in the city without limiting yourself to student dorm availability or location. This type of accommodation is for independent people.

Most apartments are rented through an agency, however renting directly from the owner generally saves tenants a lot of money in agency fees. An important aspect of housing in Switzerland is the concept of sharing. The majority of apartments and studios don't have a private washer or dryer, instead they are put at the disposal of all residents in the building.

Apartment sharing

Sharing an apartment is a popular concept in Switzerland and a lot cheaper than living on your own. Shared housing is a flexible option and with international roommates, you will be able to learn other languages in no time. But you must be willing to compromise.

If you are interested in this option, we highly recommend you arrive in Geneva or Montreux before you commence your studies, in order to meet potential roommates and landlords personally. Please contact the student affairs officer of your respective campus and they will pair you with another student who is also in search of a shared apartment.

For more information about housing, email our accommodation officer at your respective campus.

Planning your budget

You need to have an idea of what you are able to spend on rent, travel and leisure. You should plan for a monthly living expenditure of at least CHF 2,500 to live in Geneva and CHF 1,300 to live in Montreux. Around 65-70% of this should be budgeted towards accommodation expenses and the remainder will be for basic necessities and leisure.

The online platform created by the EU Alumni Association gives access to information regarding workshops, networking events and career development opportunities. Members use the Hub to share news about their achievements, connect with old classmates, post upcoming events, offer career opportunities and mentor others, sharing their expertise and inspiring the next generation of business leaders.

New graduates benefit from having the solid base of professional contacts the alumni network provides. The network is full of established professionals who share similar ideologies and can provide support for business ventures or mentorships. Keeping in touch after graduation provides important professional contacts, as alumni Julian Marquardt Baladurage and Danielle Prieto can attest to. After graduating from EU, Prieto joined Baladurage’s technological solutions company, MBJ Integrated Technologies, and they now enjoy an excellent working relationship.
